

Clean Harbors Deer Trail, LLC  
108555 East US 36  
Deer Trail, CO 80105-9611  
970-386-2293

**Date: September 29, 2023**

**Mr. Leonard C. Slosky, Executive Director  
Rocky Mountain Low-Level Radioactive Waste Board  
999 18<sup>th</sup> Street, Suite 2400 S  
Denver, CO 80202**

**Re:** Application for Importation of Waste from Outside the Rocky Mountain Compact to the Clean Harbors Deer Trail Facility in Deer Trail, Colorado

**Clean Harbors Deer Trail, LLC** is submitting this Application to Import Waste in accordance with Rule 7 of the Rocky Mountain Low-Level Radioactive Waste Board Rules. The waste will be deposited at the Clean Harbors Deer Trail disposal facility located outside Deer Trail, Colorado.

Pursuant to Section 7.3.3 of Rule 7, Contents of Application to Import Waste for Disposal at the Regional Facility, the following information is provided for your review:

A. The name, address, and telephone number of the person seeking to import the waste:

**Name: Clean Harbors Deer Trail, LLC  
Address: 108555 East Highway 36  
Deer Trail, CO 80105  
Phone: (970) 386-2293**

B. The name, address, telephone number, and radioactive materials license number of the person who generated the waste:

**Please see Attachment 1, Generator Information.  
Information on additional generators will be provided three days prior to receipt of the waste.**

C. Type of waste which the applicant seeks to import:

**NORM, TENORM and radium processing waste up to the facility's license limits**

D. The weight in tons of the waste that applicant seeks to import:

**150,000 Tons**

*"People and Technology Creating a Safer, Cleaner Environment"*

- E. The quantity of Uranium and Thorium in the waste in kilograms and in percent by weight:

**Less than 68,040 kilograms and less than 0.05% thorium and uranium**

- F. The summed activity of all naturally occurring radioactive material (NORM) and technologically-enhanced naturally-occurring radioactive material (TENORM) radionuclides in picocuries per gram:

**Oil and gas field wastes:**

- **Not to exceed 109,800 in pipe scale**
- **Not to exceed 54,000 in other forms of oil and gas field wastes**

**Wastes from other sources:**

- **Not to exceed 2,000**

- G. The concentration of Radium-226 in picocuries per gram:

**Oil and gas field wastes:**

- **Not to exceed 12,200 in pipe scale**
- **Not to exceed 6,000 in other forms of oil and gas field wastes**

**Wastes from other sources:**

- **Not to exceed 222**

- H. The dates during which disposal of the wastes will occur:

**November 01, 2023 through October 31, 2024**

- I. Prior to receipt of waste, Clean Harbors Deer Trail will obtain from each generator a certification that the generator is licensed and/or permitted to, and agrees to, receive back the waste and residues if they cannot be accepted for disposal. In the case of oil and gas waste collectors/processors, the certification will be signed by the processor/collector. Copies of the certifications shall be provided to the Board on or before the 20<sup>th</sup> day of the month following receipt of the waste.

Please contact me with any questions, concerns or if any clarifications are needed regarding this application.

Regards,

<b>Clyde Christman</b>		<b>09/29/2023</b>
